

Quality Medicines for Malawi

PUBLIC NOTICE

RELEASE OF RESULTS OF AUGUST 2024 REGISTRATION EXAMINATIONS

The Pharmacy and Medicines Regulatory Authority (PMRA) is pleased to announce release of results of registration examinations for pharmacists, pharmacy technologists and pharmacy assistants which were administered on 1st and 2nd August, 2024.

Candidates who sat for the examinations are advised to collect their results letters from PMRA offices.

PMRA is further reminding all registered pharmacy personnel that Section 26 (2) of the PMRA Act No. 9 of 2019 provides that a person registered under section 25 of the Act shall not be allowed to practice without a practicing licence issued at a fee by the Authority. This implies that to practice pharmacy in Malawi, both new and old registrants are supposed to apply for a practicing licence.

Application form for the practicing license is available for download on the following link: [Application Form for Practicing License](#) or on request at PMRA Reception.

For further enquiries, please contact PMRA on **088 1 182 327 / 099 9 708 450** or email at **info@pmra.mw** during normal working hours.

A handwritten signature in black ink, appearing to read 'Mphatso Kawaye', is written over a horizontal line.

Mphatso Kawaye
DIRECTOR GENERAL
